The Experimental Therapeutics Program of the UFHCC and UF Health Cancer Center Grand Rounds
Presents

“Cancer Screening: A Clash between Intuition and Science”

Barnett S. Kramer, MD, MPH
Director, Division of Cancer Prevention
National Cancer Institute
National Institutes of Health
Bethesda, MD
Wednesday, April 8, 2015
12:00 – 1:00 pm

Communicore C1-7 PLEASE NOTE NEW LOCATION
Videostreaming http://mediasite.video.ufl.edu/Mediasite/Play/2400f46dac8b4865b4718fea5602af111d

LEARNING OBJECTIVES:
Upon completion of this activity, participants should be able to:

1) The learner should be able to recognize the major biases of various designs in medical screening studies.
2) The attendee will be able to define and recognize the signs of cancer overdiagnosis, and be able to distinguish it from false positive tests.
3) The attendee will be able to counsel patients about the benefits and harms of common screening tests for prostate, lung, and ovarian cancer.

Speaker Disclosure:
Dr. Kramer has disclosed that he has no relevant financial disclosure. No one else in a position to control content has any financial relationships to disclose.

Accreditation: The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit: The University of Florida College of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
