When: October 5, 2022 | 12:00 — 1:00 PM
Where: Communicore C1-4

"Latent Viruses and Cancer: Revisiting the Whorfian Hypothesis"

Patrick Moore, M.D., MPH
Distinguished and American Cancer Society Professor
Pittsburgh Foundation Endowed Chair in Innovative Cancer Research
Microbiology and Molecular Genetics
University of Pittsburgh Cancer Institute

LEARNING OBJECTIVES:
Upon completion of this activity, participants should be able to:
1. Understand viral latency and its relationship to viral cancers
2. Introduction to polyomavirus-related Merkel cell carcinoma
3. Mechanisms for polyomavirus latency

Speaker Disclosure:
Dr. Moore has disclosed that she has no relevant financial relationships. No one else in a position to control content has any financial relationships to disclose. Conflict of interest information for the CME Advisory Committee members can be found on the following website: https://cme.ufl.edu/disclosure/. All relevant financial relationships have been mitigated.

Accreditation: The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit: The University of Florida College of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
