"Improving skin cancer prevention activities through precision prevention"

Peter Kanetsky, PhD, MPH

Senior Member and Chair,
Department of Cancer Epidemiology
Leader, Cancer Epidemiology Program
Moffitt Cancer Center

LEARNING OBJECTIVES:
Upon completion of this activity, participants should be able to:

1. Describe a precision prevention intervention trial
2. Discuss how the uptake of information about skin cancer prevention and the impact of skin cancer precision prevention information differ based on participant characteristics
3. Identify skin cancer prevention activities that may be enhanced via knowledge of genetic risk

Speaker Disclosure:
Dr. Kanetsky has disclosed that he has no relevant financial relationships. No one else in a position to control content has any financial relationships to disclose. Conflict of interest information for the CME Advisory Committee members can be found on the following website: https://cme.ufl.edu/disclosure/. All relevant financial relationships have been mitigated.

Accreditation: The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit: The University of Florida College of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
