Join us on July 27 at noon as Anamaria R. Yeung, M.D., provides an informative seminar on the crucial link between nutrition and cancer prevention, treatment and overall wellness. Attendees will learn about the latest research on how certain foods and nutrients can affect cancer risk and treatment outcomes. Attendees will also gain practical tips and strategies for incorporating healthy eating habits into daily life and addressing the nutritional needs of cancer patients. Whether you are a survivor, caregiver, or interested in optimizing your health, this seminar offers valuable insights and actionable advice to help you fuel your fight against cancer.
