OBJECTIVES

- Identify the most effective treatments for breast cancer and ways to prevent late-stage diagnosis
- Share ways to cope with the emotional, physical and other changes that come with breast cancer
- Learn ways that family members can support their loved cancer survivor
- Identify ways to support the family members of women with breast cancer
- Provide the opportunity to learn about and sign up to participate in meaningful cancer prevention and intervention research
- Answer participants' private and public questions about breast cancer

FACTS

- Breast cancer is the leading cause of cancer death in Black and Hispanic women.
- Black women have a 4% lower incidence rate of breast cancer than White women but a 40% higher breast cancer death rate.
